

## DOXIFLURIDINE

|                       |  |
|-----------------------|--|
| Product Name:         | <b>Doxifluridine</b>                           |
| Cas No.:              | 3094-09-5                                      |
| Therapeutic Category: | ANTI-CANCER                                    |
| Molecular Weight:     | 246.19g/mol                                    |
| Molecular Formula:    | C <sub>9</sub> H <sub>11</sub> FN <sub>2</sub> |

Molecular Structure:
